#### Conditions

La oferta no conlleva ningún compromiso de permanencia.

The price offered includes all items making up the total cost of electricity in the liberalised market except for the electricity tax and VAT.

The table shows the price for the power term in accordance with the prices published in the Official State Gazette (BOE):

- Deviations of power and reactive power, where applied, will be calculated in accordance with the current legislation and reflected in the corresponding bills.
- Connection rights deriving from the contracted power are not included in the prices offered.
- The cost of renting the measuring equipment transferred to us by the distribution company will be reflected in the bills.
